ITEM NUMBER 3

Discussion RE: New Transportation Project Priorities

Georganna Gillette
georganna.gillette@brevardfl.gov

DISCUSSION:

Every spring the TPO solicits for new transportation projects from local municipalities, county staff and transportation providers. The TPO's Growth Management Subcommittee met on February 28, 2017 to discuss the work program development schedule and answered questions. The Subcommittee will be meeting again on April 12, 2017 to review new project priorities and make recommendations on the draft project priority list.

Staff will briefly discuss how BPTAC members can be more engaged in developing Bicycle and Pedestrian projects within their municipality and how projects make it to the priority list for future funding.

REQUESTED ACTION:

As desired by the BPTAC

INTERIM SECRETARY

February 20, 2017

Mr. Murray Hann
Chairman
Pedestrian and Trails Advisory Committee
2725 Judge Fran Jamieson Way, Bldg. B
Viera, FL 32940

Dear Mr. Hann:

Thank you for your recent letter of support to District Secretary Steve Martin for the Department's Complete Streets Policy and Initiative. We recognize that to fully implement the principles of this policy we'll need the help of our partner agencies, so your letter is well received.

Under this statewide initiative, our agency is continuing to evolve by revising our guidance, manuals and policies to address the needs of all roadway users. We appreciate your thoughtful recommendation to also consider our maintenance policies for bicycle facilities. As you are aware, our district staff have been piloting increased maintenance activities on two popular bicycle facilities used by cyclists in Brevard County, both the Pineda Causeway and the Eau Gallie Causeway. While the results have not yet been successful in improving customer satisfaction, we will continue to consider new ways to meet our goal to better maintain our facilities. Further, we have forwarded your letter to our statewide team for consideration as the Department continues to develop and adjust future maintenance policies and standards to better meet the needs of cyclists on our facilities.

Thank you for your time and commitment to the safe mobility of all roadway users.

Sincerely,

Frank J. O'Dea, P.E.
Director of Transportation Development
