## Purpose

Each year, the District and the MPO must jointly certify the metropolitan transportation planning process as described in 23 C.F.R. §450.336. The joint certification begins in January. This allows time to incorporate recommended changes into the Draft Unified Planning Work Program (UPWP). The District and the MPO create a joint certification package that includes a summary of noteworthy achievements by the MPO and, if applicable, a list of any recommendations and/or corrective actions.

The certification package and statement must be submitted to Central Office, Office of Policy Planning (OPP) no later than June 1.

## Certification Process

Please read and answer each question using the checkboxes to provide a "yes" or "no." Below each set of checkboxes is a box where a justification for each answer is to be inserted. The justification given must be in adequate detail to explain the question. Determining "adequate detail" is at the discretion of the MPO Liaison conducting the Certification. **Please add a justification for every answer where a box exists.**

Since all of Florida's MPOs adopt a new Transportation Improvement Program (TIP) annually many of the questions related to the TIP adoption process have been removed from this certification, as these questions have been addressed during review of the draft TIP and after adoption of the final TIP.

**Please attach any correspondence or comments related to the draft or final TIP, and the TIP checklist used by Central Office and the District, as an appendix to this certification report.**

As with the TIP, many of the questions related to the Unified Planning Work Program (UPWP) and Long-Range Transportation Plan (LRTP) have been removed from this certification document, as these questions are included in the process of reviewing and adopting the UPWP and LRTP.

**If the MPO has adopted a new UPWP or LRTP during the year covered by this certification, please attach any correspondence or comments related to the draft or final UPWP or LRTP, and any related checklists used by Central Office and the District, as an appendix to this certification report.**

Note: This Certification has been designed as an entirely electronic document and includes interactive form fields and checkboxes. Section 12: Attachments allows you to embed any attachments to the certification, including the MPO Joint Certification Statements and Assurances document that must accompany the completed Certification report.

**Please use the electronic form fields to fill out the Statements and Assurances document, and then print it. Once all of the appropriate parties sign the Statements and Assurances, scan it and attach it to the completed Certification in Section 12: Attachments.**

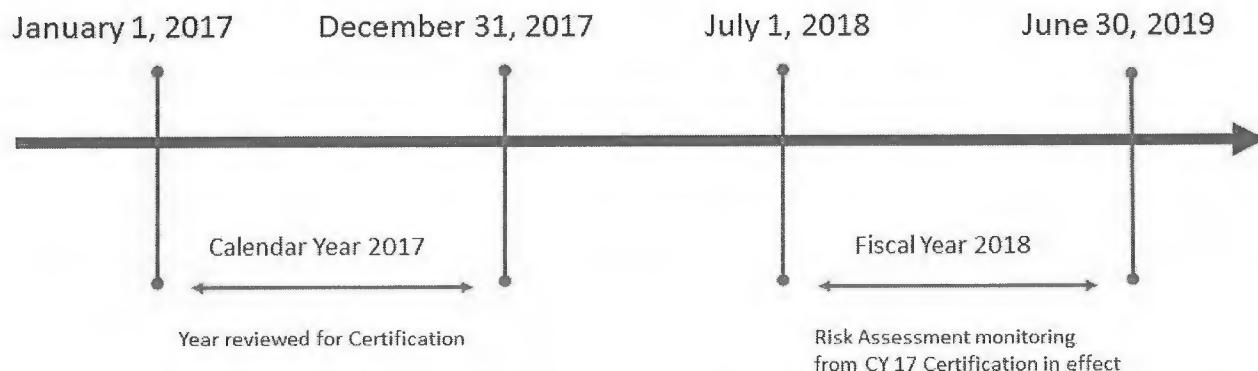

## Risk Assessment Process

Section 5: Finances and Invoicing is intended to satisfy the Risk Assessment requirements described in 2 CFR §200.331. These questions will be quantified using a point scale to assign a level of risk for each MPO, which will be updated annually during the Joint certification process. The results of the MPO Risk Assessment will determine the minimum frequency of which the MPO's supporting documentation for their invoices is reviewed by FDOT District Liaisons for the upcoming year. The frequency of review, based on the level of risk is below:

Scale	Risk Level	Frequency of Monitoring

RE: Space Coast Transportation Planning Organization (SCTPO), Transportation Improvement Program (TIP), Fiscal Year 2016/2017 to Fiscal Year 2020/2021

The Department has reviewed the Space Coast Transportation Planning Organization's (SCTPO) Transportation Improvement Program (TIP) for Fiscal Year 2016/2017 to Fiscal Year 2020/2021. Please see the amendments necessary for the Transportation Improvement Program as described below. The amendment includes corrections to projects already listed in the TIP as well as several new projects which appeared on the Florida Department of Transportation (FDOT) Adopted Work Program Report dated July 1, 2016, but was not included in the latest TIP provided to FDOT. Also included is the 2016 Roll Forward Report. Projects in this report should be included in the TIP if they are not already there. It is not necessary to include DIOH funds into the TIP. I have included the appropriate pages from the FDOT Adopted Work Program for Fiscal Year 2017 through Fiscal Year 2021 that also shows the needed changes.

Please note that the changes below should not be approved by the SCTPO Board until after October 1, 2016 when the new TIP goes into effect. Please call me if you should have any questions at 386-943-5426.
