

# 2019 Public Participation Plan

**Space Coast Transportation Planning Organization**

Public Comment Period: October 28, 2019 – December 11, 2019

Adopted: December 12, 2019

*Amendment #1 Approved: July 9, 2020*

[www.sctpo.com](http://www.sctpo.com)

321-690-6890

2725 Judge Fran Jamieson Way  
Building B, Melbourne, FL 32940

*The preparation of this report has been financed in part through grant(s) from the Federal Highway Administration and Federal Transit Administration, U.S. Department of Transportation, under the State Planning and Research Program, Section 505 [or Metropolitan Planning Program, Section 104(f)] of Title 23, U.S. Code. The contents of this report do not necessarily reflect the official views or policy of the U.S. Department of Transportation.*

## WHO WE ARE

The Space Coast Transportation Planning Organization (SCTPO) continually monitors the conditions of Brevard's transportation system's modes and carries out planning at the regional level.

The SCTPO is governed by federal and state law. Any urbanized area with a population of more than 50,000 citizens **must** have a TPO to spend federal transportation funds.

A board made up of local elected officials sets policy for the SCTPO and adopts long-range plans and short-range programs of future transportation improvements.

## What is Transportation Planning?

Transportation planning is about identifying opportunities to improve mobility for the people and businesses who use transportation systems; it is about providing accessibility for everyone in your community.

## What is a Transportation System?

A **transportation system** is made up of different modes of transportation that use the system to move people and goods from one place to another. Brevard County has more transportation resources than any area its size.

Car

Walk/Bicycle

Transit

Air

Freight

Rail

Space

Sea

**Economy 101**  
Brevard's economy is largely built on and around these transportation assets.

## What is a TPO?

Transportation Planning Organizations (TPOs), also known as metropolitan planning organizations (MPOs), were created by law to **review and administer all policies and procedures applicable for state and federal transportation funding.**

The Space Coast Transportation Planning Organization (SCTPO) was established on October 19, 1977, to provide transportation planning services for Brevard County which includes the Palm Bay – Melbourne – Titusville urbanized area, as designated by the U.S. Census Bureau.

The responsibility of the SCTPO is **to manage a continuing, cooperative, and comprehensive planning process** that results in the development of transportation plans and programs. The SCTPO provides a forum for cooperative decision making by officials of the affected governmental entities with input from citizens and constituency groups. These plans serve as the framework for making transportation investment decisions in Brevard County.

## What is Public Participation?

**Public participation is a key component of transportation planning** and one of the core functions of the SCTPO. Meaningful and effective public involvement brings a diverse set of views into the discussion and improves decision making by generating ideas for how the transportation system may be improved.

The **Public Participation Plan (PPP)** provides guidelines used by the SCTPO to inform and gather input from residents, communities, and interest groups throughout the county in order to expand the information available for planning initiatives.

## WHAT IS THE PUBLIC PARTICIPATION PLAN?

The Public Participation Plan (PPP) is a **blueprint for action to involve and engage the public in transportation planning.**

Meaningful and effective *participation* is essential to the successful implementation of a public plan, project, or program, and is necessary to ensure the needs of the local citizenry are adequately addressed.

The PPP provides a guide for public access to and involvement with the SCTPO planning process. All SCTPO planning work products, as well as major amendments to adopted plans and programs, must follow the *requirements* outlined in the PPP.

### PPP Comment Period

The PPP is updated every *three years* to reflect changes in local, state, or federal legislation, to adjust the plan to include new technologies, and to adjust the plan to meet the needs of the community.

Before adoption, the SCTPO will post the PPP for public review prior to approval at a SCTPO Governing Board Meeting.

### HIGHLIGHTS

- **Describes SCTPO public involvement and engagement tools and strategies**
- **Notes public comment periods for required work products**
- **Offers opportunities for public participation to help guide the planning process**

- ❖ Draft PPP document is posted on the SCTPO website at least **45 days prior** to SCTPO Board consideration and so begins the notice for public comment period.
  - All public comments are recorded and included in the final PPP. This document states how each comment was addressed. \*See 2019 Public Participation Plan Comment Log in the Appendix pg.
- ❖ Other PPP public notice strategies:
  - Press Release Announcement
  - SCTPO E-News Feature
  - Social Media Posts
  - In-person, written, or electronic comments at SCTPO Advisory Committee Meetings or at the SCTPO Governing Board Meeting

### When can I make comments on the PPP?

- Public Comment Period: Posted **45 days** prior to adoption
- Notice of PPP Adoption: Posted **7 days** before board meeting

### Amendment Process:

- Public notice of all amendments will be made by posting the SCTPO Governing Board agenda on the SCTPO website at least **7 days** prior to consideration for approval;
- Citizens are able to submit public comments **7 days** prior to consideration for approval

### Adoptions and Amendments

- Adoption: every three years
- Amendments: As needed

## Solicitation for Public Participation Plan Comments

Public participation is a vital part of the overall transportation planning process. The information and perspectives gathered through public participation provides transportation planners and decision makers with clear direction and leads to a more meaningful and comprehensive planning process.

This **draft document** provides the framework for public participation to be followed by the Space Coast Transportation Planning Organization (SCTPO).

### Methods of Distribution

- Website (slider graphic, calendar event, & news)
- Social Media Outlets (Oct/Nov 2019)
- Event outreach (Oct/Nov 2019)
- En Route Newsletter (10/14/19); Other dates to be added
- Press Release (10/28/19); Other dates to be added
- Flyer (distributed during public comment period)

	<p><b>COME TO AN EVENT</b> The SCTPO participates in special events throughout the county and hosts workshops for citizens to learn about projects where they work and live. Visit <a href="http://www.sctpo.com">www.sctpo.com</a> to learn more.</p>
	<p><b>VOLUNTEER</b> Contact your local city council representative or your county commissioner to serve as a representative on a SCTPO committee or contact <a href="mailto:tpostaff@spacecoasttpo.com">tpostaff@spacecoasttpo.com</a> for more information.</p>

## WHO'S INVOLVED IN OUR PROCESS?

### Space Coast TPO Governing Board

The SCTPO is managed by a Governing Board of elected officials representing local jurisdictions. The SCTPO Governing Board is comprised of 19 members and one non-voting advisor. The membership of the SCTPO was established under Florida Statute 339.175(2)(b), and is set up through an Interlocal Agreement.

#### Board Responsibilities

- Board sets big-picture framework for transportation decisions.
- Board has direct authority for SCTPO plans and programs required to keep transportation funds moving.
- The Board must consider ALL modes and involve the public in planning and programming.
- The Board is very involved in the project selection for prioritization and the funding process.

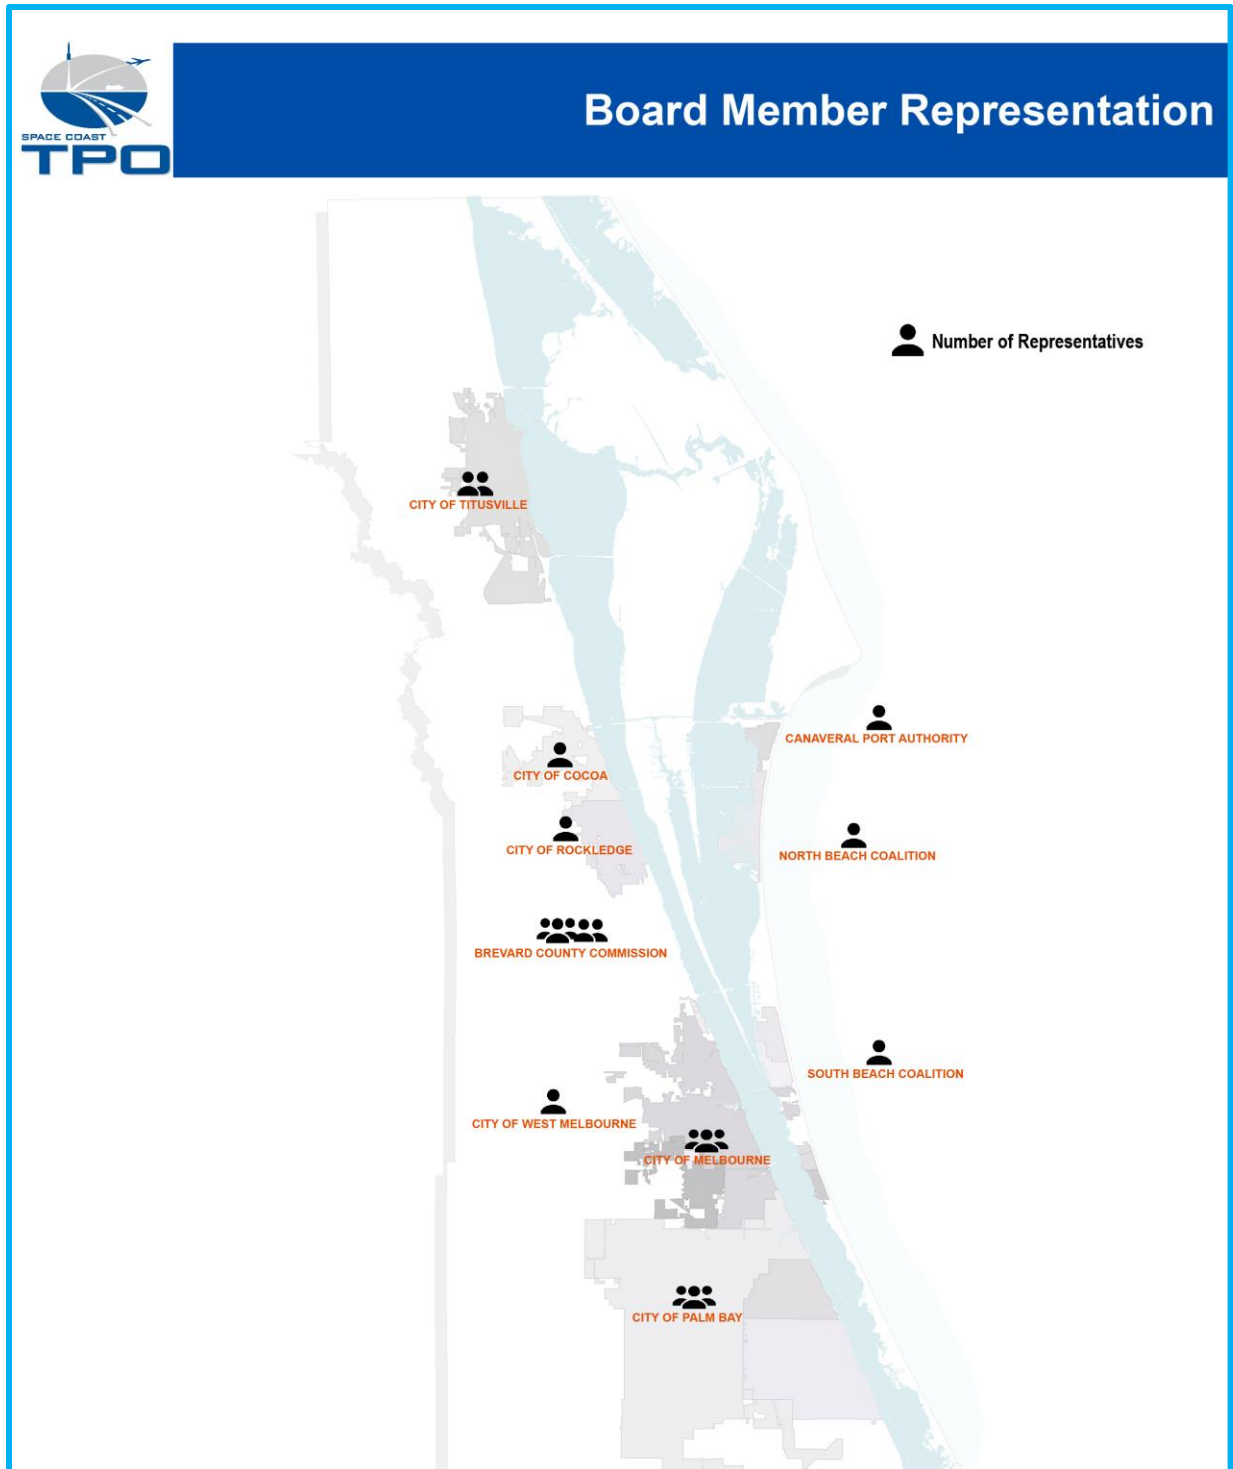

#### Meetings

The SCTPO Governing Board generally meets on the second Thursday of the month. Meetings begin at 1:30 p.m. and are typically held in the Florida Room in Building C within the Viera Government Center located at 2725 Judge Fran Jamieson Way, Melbourne, FL 32940. This facility is on a public Space Coast Area Transit route. *\*The board may not meet every month. Dates, times, and facility room are subject to change. Likewise, emergency situations may require the SCTPO to host meetings virtually. See pg. 35.*

Public notifications are made for all regular and special business meetings of the board and committees. All meetings are conducted in an open public forum in accordance with *Florida's Government-in-the-Sunshine Law* [s.286.011, F.S.]. The current agenda is posted online at [www.sctpo.com](http://www.sctpo.com), seven days in advance of the meeting. Meetings can be viewed live on SCGTV on Spectrum 499, U-verse 99, Comcast Channel 51 (North Brevard) or Channel 13 (South Brevard) or [online](#).

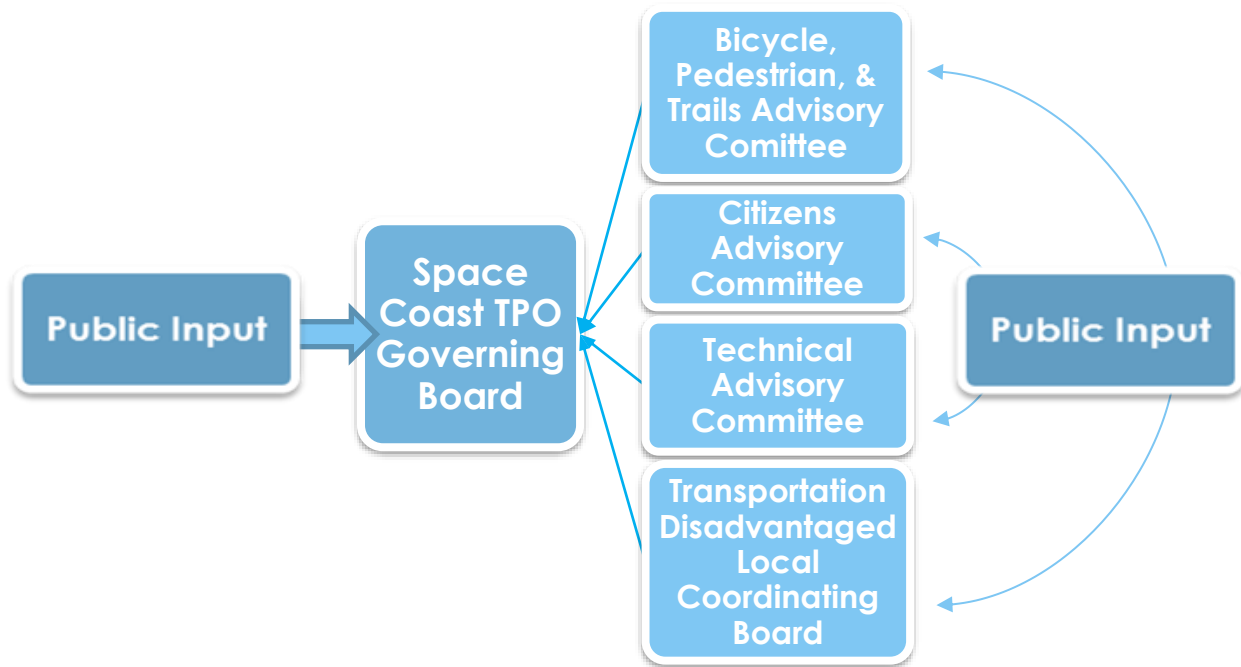

## Board Member Designation

**Nineteen elected officials** from local governmental entities serve on the board based on the population of each community and each municipal position has an alternate.

## Committee Input to the Governing Board

The SCTPO Governing Board is supported by three primary advisory committees and receives input from other key groups, representing various interests that may influence planning needs. Each committee fulfills an important role in the transportation planning process within Brevard County.

## Participation in Advisory Committees

Public notifications are made for all regular and special business meetings of the board and committees. All meetings are conducted in an open public forum in accordance with *Florida's Government-in-the-Sunshine Law* [s.286.011, F.S.]. The current agenda is posted online at [www.sctpo.com](http://www.sctpo.com), seven days in advance of the meeting.

If you are interested in participating in an advisory committee, please review the next few descriptions of each group. If you would like to be considered for the CAC or BPTAC, please email [tpostaff@sctpo.com](mailto:tpostaff@sctpo.com) or call 321-690-6890.

## Bicycle, Pedestrian, and Trails Advisory Committee (BPTAC)

The BPTAC reviews plans and policies regarding **bicycle, pedestrian and multi-use trail projects** and makes recommendations to the CAC, TAC, and SCTPO Governing Board. The BPTAC may have up to 19 members who are endorsed by the SCTPO Governing Board. Membership is open to a wide array of interested groups and citizens. Individuals may be nominated by one of the groups listed below or may contact SCTPO staff, requesting membership approval.

- Local governments, law enforcement agencies, educators, cyclists, hikers, walkers, environmentalists, businesses and interested citizens.

**Meetings:** The BPTAC meets the third Monday of every other month. Meetings begin at 5:30 p.m. and are typically held in the Space Coast Room in Building C within the Viera Government Center located at 2725 Judge Fran Jamieson Way, Melbourne, FL 32940.

The current agenda is posted online at [www.sctpo.com](http://www.sctpo.com), seven days in advance of the meeting. *\*Dates, times, and facility room are subject to change. Likewise, emergency situations may require the SCTPO to host meetings virtually. See pg. 35.*

## Citizens Advisory Committee (CAC)

The function of the CAC is to **provide citizens' views** and recommendations on projects, plans, and programs through the Committee to the SCTPO Governing Board.

**Meetings:** The CAC meets the Monday prior to the SCTPO Governing Board Meeting. Meetings begin at 9:30 a.m. and are typically held in the Space Coast Room in Building C within the Viera Government Center located at 2725 Judge Fran Jamieson Way, Melbourne, FL 32940. This facility is on a public Space Coast Area Transit route.

The current agenda is posted online at [www.sctpo.com](http://www.sctpo.com), seven days in advance of the meeting. Meetings can be [streamed live or viewed here](#). *\*There are no meetings in the months of January, June, and August. Dates, times, and facility room are subject to change. Likewise, emergency situations may require the SCTPO to host meetings virtually. See pg. 35.*

### Citizens Advisory Committee Designation

The CAC has 24 voting members and alternates appointed by local jurisdictions. Individuals interested in serving on the CAC may contact their county commissioner or city council representative to volunteer and may be appointed if there is a vacancy.

- Brevard County Commissioners – 5 (2 appointees each)
- Canaveral Port Authority (1 appointee)
- Cocoa (1 appointee)
- Melbourne (3 appointees)
- Palm Bay (3 appointees)
- Rockledge (1 appointee)
- Titusville (1 appointee)
- West Melbourne (1 appointee)
- North Beaches Coalition (1 shared appointee)  
*Cape Canaveral and Cocoa Beach*
- South Beaches Coalition (1 shared appointee)  
*Indian Harbour Beach, Satellite Beach  
Indianalantic and Melbourne Beach*

### Technical Advisory Committee (TAC)

The TAC reviews the work progress and **evaluates the technical acceptability** of plans and studies. They make recommendations to the SCTPO Governing Board, with supporting technical information to assist them with policy-making decisions.

The TAC has 26 voting members and alternates and one non-voting advisor designated by the Florida Department of Transportation. Fourteen of Brevard's 16 municipalities with populations over 2,500 are included, as well as representatives from other organizations and modes of transportation. A number of federal land management agencies also have representatives who serve on the TAC, those agencies include:

- Canaveral Port Authority
- Orlando Melbourne International Airport Authority
- St. Johns River Water Waste Management District
- Space Florida
- Titusville-Cocoa (TICO) Airport Authority
- Valkaria Airport

**Meetings:** The TAC meets the Monday prior to the SCTPO Governing Board Meeting. Meetings begin at 9:30 a.m. and are typically held in the Space Coast Room in Building C within the Viera Government Center located at 2725 Judge Fran Jamieson Way, Melbourne, FL 32940. This facility is on a public Space Coast Area Transit route.

The current agenda is posted online at [www.sctpo.com](http://www.sctpo.com), seven days in advance of the meeting. Meetings can be [streamed live or viewed here](#).  
*\*There are no meetings in the months of January, June, and August. Dates, times, and facility room are subject to change. Likewise, emergency situations may require the SCTPO to host meetings virtually. See pg. 35.*

## Transportation Disadvantaged Local Coordinating Board (TDLCB)

The SCTPO participates in the TDLCB and annually appoints the TDLCB Chairman. The TDLCB works to ensure transportation opportunities are available for all residents, regardless of age, ability, or economic status.

**Meetings:** Under the leadership of [Space Coast Area Transit](#), the TDLCB holds periodic meetings and documents a [Transportation Disadvantaged Service Plan](#). Meetings are typically held in Building C within the Viera Government Center located at 2725 Judge Fran Jamieson Way, Melbourne, FL 32940.

This facility is on a public Space Coast Area Transit route. For more information on the TDLCB, please call Space Coast Area Transit at 321-635-7815. *\*Dates, times, and facility room are subject to change. Likewise, emergency situations may require Space Coast Area Transit to host meetings virtually. See pg. 35.*

## SCTPO CORE PLANS AND PROGRAMS

The SCTPO is responsible for **three core certification documents and various work products** that are required of each MPO/TPO in the country in order to be certified by the federal government as eligible to program and receive federal transportation funds.

The SCTPO is also responsible for the creation of the Public Participation Plan (PPP), Prioritized Project List, and for conducting special transportation studies.

Our core work products include:

- Long Range Transportation Plan (*\*certification document*)
- Prioritized Project List
- Transportation Improvement Program (*\*certification document*)
- Unified Planning Work Program (*\*certification document*)
- Public Participation Plan
- Transportation Studies

Public participation requirements prescribed by the federal government vary by document, but all of these plans and programs are completed through an open process that allows for public review and feedback throughout various stages of plan development. Final products and reports are *adopted* after careful consideration of community comment.

### **Interested in a brief summary?**

Check out the SCTPO's Work Product Timeline on pg. 24.

## Continuing, Cooperative, and Comprehensive Planning Process

Transportation planning must be cooperative because no single agency has responsibility for the entire transportation system. The SCTPO is responsible for actively seeking the participation of all relevant agencies and stakeholders in the planning process. The SCTPO makes special efforts to ensure to engage interested parties in the development of the SCTPO's plans. The SCTPO also works cooperatively with the Florida Department of Transportation in the development of the state-wide Florida Transportation Plan (FTP). The FTP is important because it not only sets a long-range vision for the future, but it guides **transportation** decisions today.

The SCTPO coordinates the development of its core work products with all local planning agencies and the SCTPO has an Intergovernmental Coordination and Review (ICAR) Agreement that ensures all modal agencies are included in the development of the SCTPO's LRTP, TIP and UPWP.

The SCTPO also has representation on its TAC, and on its Transportation Subcommittee that reviews project priorities each year, including those agencies responsible for planning, transit, environment, airport operations, natural resources and emergency operations.

Below is a list of local coordinating agencies:

- East Central Florida Regional Planning Council
- Brevard County Board of County Commissioners (acts as governing body with jurisdiction over Space Coast Area Transit)
- Brevard County School Board
- Canaveral Port Authority
- City of Melbourne Airport Authority
- Space Florida
- Titusville-Cocoa Airport Authority
- Valkaria Airport

## Long Range Transportation Plan (LRTP)

Every five years, the SCTPO adopts a new Long Range Transportation Plan (LRTP). The LRTP provides a **common vision for the community's future transportation needs** and guides the investment of public funds in transportation facilities, addressing a timeline of 20 or more years. It includes both short and long-term transportation strategies using multiple modes of transportation for moving people and goods.

### LRTP Public Comment Process

The public has the opportunity to provide input throughout the *two-year* planning process. Throughout the planning process, the SCTPO engages “interested parties” in the development of the LRTP. “Interested parties” include citizens, affected public agencies including federal land management agencies, representatives of public transportation employees, freight shippers, providers of freight transportation services, representatives of users of public transportation, pedestrian walkways, bicycle transportation facilities, and representatives of the disabled.

The *LRTP* has its own public participation plan which includes target audience outreach efforts:

- Public Survey
- Public Workshops
- LRTP Project Website/Online Project Dashboard
- SCTPO Newsletter & Press Releases
- Social Media Posts
- Pop-Up Events
- Underserved Populations Outreach
- SCTPO Governing Board Meetings, TAC/CAC Meetings

### HIGHLIGHTS

- **Reflects the SCTPO's transportation vision**
- **Projects must be on Cost Feasible List in order to be considered for prioritization**
- **Includes projects addressing all types of modes: vehicular; bicycle; pedestrian; transit; space;**

### When can I make comments on the LRTP?

- Continuous involvement during two-year planning process
- Public Comment Period: Posted **30 days** prior to adoption
- Notice of LRTP Adoption: Posted **7 days** before board meeting

### LRTP Modifications and Amendments

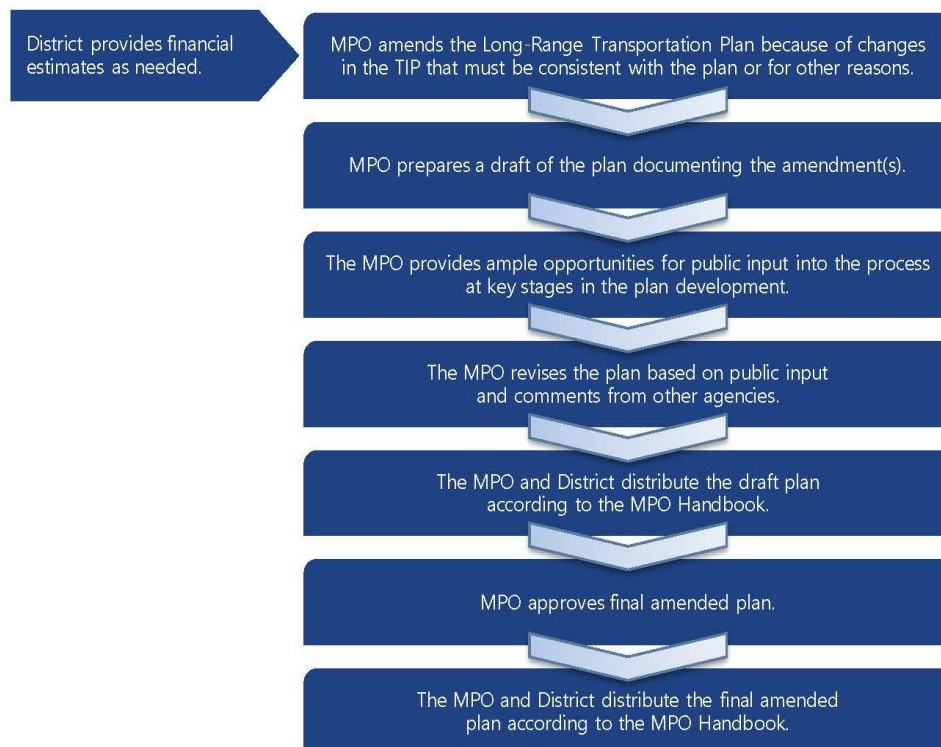

Any local government or agency (FDOT) may submit a request to the SCTPO to modify or amend the LRTP.

**Modifications:** a minor revision to the LRTP. It includes minor changes that typically involve items such as map corrections, revisions needed for consistency with the Transportation Improvement Program, and minor changes to funding sources. *\*Modifications do not require a demonstration of fiscal constraint or a public comment review.*

**Amendments:** requires public review and comment and an assurance of fiscal constraint. Proposed amendments include adding or deleting projects from the LRTP Cost Feasible Plan and major changes to project costs, initiation dates and scopes for existing projects. Florida Statute requires that the SCTPO Governing Board adopt any amendments to the LRTP by a recorded roll call vote of the majority of the membership present. See LRTP amendment process in Figure 4.3.

*FDOT MPO Program Management Handbook*

**Figure 4.3 LRTP Amendment Process**

**Amendment Process:**

- Public notice of all amendments will be made by posting the SCTPO Governing Board agenda on the SCTPO website at least **7 days** prior to consideration for approval;
- Citizens are able to submit comments **7 days** prior to consideration for approval

**Adoptions and Amendments**

- Adoption: every five years
- Amendments: As needed

## Prioritized Project List

Project Priorities are the list of projects the SCTPO selects from its Long Range Transportation Plan to submit to the Florida Department of Transportation to be considered for funding and implementation.

Each spring, the SCTPO solicits for projects from local governments and transportation agencies. All projects submitted must follow the SCTPO procedures and be included in the Long Range Transportation Plan (LRTP).

Any citizen interested in seeing a project move from the LRTP to implementation, has an opportunity to comment on projects through various outreach methods:

- Meet with County Commissioner whose district the project lies within;
- Meet with local city staff and/or elected official of the jurisdiction project lies within;
- Speak with SCTPO Staff to seek guidance on concerns or request

### HIGHLIGHTS

- **Reflects the SCTPO's priority projects**
- **Projects must be on Priority List in order to be considered for funding**
- **Includes projects addressing all types of modes: vehicular; bicycle; pedestrian; transit; Space; Seaport**
- **Annually adopted**

## Project Priorities Public Comment Process

The draft Project Priorities are presented to the public for comment at a Transportation Open House, prior to consideration by the TAC/CAC and the SCTPO Governing Board. Commenting on the priority projects is to **comment on where it ranks, not the details of construction.**

### When can I make comments on the Project Prioritized List?

- Notice of Project Priority Adoption: Posted **7 days** before board meeting

## Prioritized Project List Modifications and Amendments

In the event a project needs to be added to the Prioritized Project List, SCTPO staff will amend the list and take it back to the committees and SCTPO Governing Board for approval.

### Amendment Process:

- Public notice of all amendments will be made by posting the SCTPO Governing Board agenda on the SCTPO website at least **7 days** prior to consideration for approval;
- Citizens are able to submit comments **7 days** prior to consideration for approval

### Adoptions and Amendments

- Adoption: every year
- Amendments: As needed

## Transportation Improvement Program (TIP)

The Transportation Improvement Program (TIP) lists each transportation project to be implemented over the next five years. The TIP is a realistic forecast of projects that have committed state or federal funds so it serves as the SCTPO's short range plan.

### How are projects in the TIP solicited?

In the late spring of each year, the SCTPO solicits requests for state and federally funded candidate projects from local governments and transportation agencies, including Space Coast Area Transit, the Valkaria Airport, Melbourne International Airport, Titusville-Cocoa Airport Authority, Canaveral Port Authority and Space Florida.

The SCTPO encourages local governments and transportation to have project requests adopted by their council, commission or board to ensure agency and public support for the requested projects.

### How are projects ranked and selected?

The SCTPO evaluates the state of its transportation system each year. This information is documented in the annual State of the System (SOS) report which covers a synthesis of current conditions and trends of the County's multi-modal transportation facilities.

The SCTPO uses the SOS to understand if current transportation programs and priorities are effective at targeting facilities that need attention and if these are aligned with the goals and objectives of the organization. Priority corridor segments resulting from the SOS Report are considered top candidates for action within the SCTPO's funding availability.

#### HIGHLIGHTS

- **Lists funded project priorities**
- **Provides 5-year implementation schedule**
- **Allocates state and federal funds for capital projects**
- **Becomes part of the Statewide TIP (STIP)**

Action steps can range from conducting more detailed evaluations of corridors to implementing capital and operational changes.

There are many factors considered when developing the Prioritized Project List, including: the approved Long Range Transportation Plan (LRTP), the Strategic Intermodal System (SIS) Plan, the historic standing of projects within the Project Priority List, and prior funding commitments.

Results of the Annual State of the System (SOS) Report, which are prepared annually to meet the requirements of the Congestion Management System (CMS), are also examined. The CMS provides a framework for arriving at decisions for future transportation investments. The SOS is also a key resource used during project priorities

The **list of funded transportation projects** is developed annually with input from the community and updated throughout the year. Once public comments are reviewed, the TIP is adopted by the SCTPO Governing Board and then becomes part of the State Transportation improvement Program (STIP).

## TIP Public Participation Process

Before adoption, the SCTPO posts the TIP for public review and comment on its website and presents the TIP at advertised public meetings to interested parties.

“Interested parties” include citizens, affected public agencies including federal land management agencies, representatives of public transportation employees, freight shippers, providers of freight transportation services, representatives of users of public transportation, pedestrian walkways, bicycle transportation facilities, and representatives of the disabled.

All comments received are addressed, and revisions made, where appropriate. Once approved, the SCTPO has an interactive web-based site which allows the public to utilize the information in a flexible, visual format. Visitors can generate either the entire TIP document, including maps, or a smaller custom designed document covering only those projects of particular interest. [Click here](#) to view the full document or in summary form. Hard copies are available, upon request.

- ❖ Draft TIP document is posted on the SCTPO website at least 30 days prior to SCTPO Board consideration and so begins the notice for public comment period.
  - All public comments are recorded and included in the final TIP. This document states how each comment was addressed.
- ❖ Other TIP public notice strategies:
  - Input at local jurisdiction meetings on specific projects
  - Press Release Announcement
  - SCTPO E-News Feature
  - Social Media Posts
  - SCTPO Open House
  - In-person, written, or electronic comments at SCTPO Advisory Committee Meetings or at the SCTPO Governing Board Meeting
- ❖ The final TIP is typically presented for approval to the SCTPO Governing Board every July.

### When can I make comments on the TIP?

- Public Comment Period: Posted **30 days** prior to adoption
- Notice of TIP Adoption: Posted **7 days** before board meeting

## TIP Modifications and Amendments

**Modifications:** includes minor changes to project phases, costs, funding sources of previously included projects, or initiation dates. *\*Modifications do not require a demonstration of fiscal constraint or a public comment review.*

**Amendments:** a revision that involves a major project change, including addition or deletion of a project, or a major change in cost, phase, initiation date, or design concept or scope (i.e., changing project termini). An amendment requires verification of financial constraint and a public meeting.

- Public notice of all amendments will be made by posting the SCTPO Governing Board agenda on the SCTPO website at least **7 days** prior to consideration for approval;
- Citizens are able to submit comments **7 days** prior to consideration for approval

The SCTPO Executive Director has the authority to approve amendments or modifications to SCTPO plans approved by the Governing Board when such action is needed to obtain State or Federal approval within a constrained timeframe. All TIP amendments will be ratified at the next Governing Board meeting.

### Adoptions and Amendments

- Adoption: every year
- Amendments: As needed

## State Transportation Improvement Program (STIP)

The State Transportation Improvement Program (STIP) includes transportation projects based on the state's long-range transportation plan and designed to serve the state's goals. For TPOs, the TIP must be incorporated into the STIP to ensure continued federal funding for the metropolitan area.

The Secretary of the Department of Transportation cannot approve a TIP for inclusion in the STIP that does not come from a currently approved LRTP or a TIP that includes projects that have not been properly amended into the LRTP and approved by the SCTPO.

Additionally, projects selected for inclusion in the TIP are consistent with federal requirements and FDOT's Tentative Work Program, financially feasible for the appropriate funding category and reflect the SCTPO's priorities. All projects in the TIP are consistent (to the maximum extent feasible) with port, aviation and spaceport master plans, transit development plan and local government comprehensive plans, and are selected in part based on the public comment received under the SCTPO's Public Participation process.

## Unified Planning Work Program (UPWP)

The Unified Planning Work Program (UPWP) is a *required* document that identifies what tasks the SCTPO's planning budget will be used on and the products to be delivered over a two-year period. It is the "budget" used to support SCTPO staff and prepare work products that fulfill the requirements of Federal and State laws.

### UPWP Public Participation Process

In an adoption year, a Draft UPWP is available by *March 15<sup>th</sup>* for transmittal to FDOT, federal agencies, and the public. Before adoption, the SCTPO will post the UPWP for public review prior to approval at a SCTPO Governing Board Meeting.

- ❖ Draft UPWP document is posted on the SCTPO website by March 15<sup>th</sup>, which begins the 30-day notice for public comment period.
  - All public comments are recorded and included in the final UPWP. This document states how each comment was addressed.
- ❖ Other UPWP public notice strategies:
  - Press Release Announcement
  - SCTPO E-News Feature
  - Social Media Posts
  - In-person, written, or electronic comments at CAC/TAC Advisory Committee Meetings or at the SCTPO Governing Board Meeting
- ❖ Final UPWP shall be approved by the SCTPO Governing Board and submitted by May 15<sup>th</sup> to the District in the adoption year.

### HIGHLIGHTS

- **Summarizes planning tasks to be completed by the SCTPO**
- **Defines work products and timeline for major activities**
- **Proposes budget using federal and other funds for planning purposes**

### When can I make comments on the UPWP?

- Public Comment Period: Posted by March 15<sup>th</sup>, with at least **30 days for review and comment** prior to adoption
- Notice of UPWP Adoption: Posted **7 days** prior board meeting

## UPWP Modifications and Amendments

Revisions to the UPWP involving FHWA and FTA funds fall into one of two categories:

1. **Modifications:** these types of changes do not change the FHWA or FTA approved budgets; or scopes of the funded work tasks; or do not add or delete a work task(s). *\*Modifications do not require a demonstration of fiscal constraint or a public comment review.*
2. **Amendments:** these changes reflect a change in overall FHWA or FTA approved budget, a change in the scope of work of work tasks or add or delete a work task.

Amendment Process:

- Public notice of all amendments will be made by posting the SCTPO Governing Board agenda on the SCTPO website at least **7 days** prior to consideration for approval;
- Citizens are able to submit comments **7 days** prior to consideration for approval;
- In-person, written or electronic public comment is accepted at each SCTPO advisory committee and SCTPO Governing Board meeting;
- Amendments must be approved by the SCTPO Board and are typically done by Resolution;
- Amendments must be approved by the FHWA for all FHWA program funds;
- Approved amendments are sent to FDOT to be processed and approved by FHWA and FTA, if appropriate;
- Once approved by FHWA, the SCTPO will post amended UPWP to SCTPO website

### Adoptions and Amendments

- Adoption: every two years
- Amendments: As needed

## Transportation Studies

Periodically, the SCTPO undertakes **specialized studies to address specific modes, issues, target areas, or corridors**. These studies are included and funded as part of the UPWP and advance specific goals, strategies or projects included in the LRTP. Frequently, the results of a specialized study lead to the development of a project or multiple projects that are advanced through the TIP. These studies help identify broad issues, concerns, and desires that might be relevant to a specific segment of the population or to a particular geographic area within the county.

### Public Participation in Studies

Each study has a specific public outreach effort to involve the appropriate participants.

In addition, public outreach activities are included in every phase of a transportation project beginning with feasibility, through preliminary design and environmental assessment, design, and construction.

- ❖ Other public participation strategies:
  - Presentations to CAC/TAC, SCTPO Governing Board
  - Press Release Announcement
  - SCTPO E-News Feature
  - Social Media Posts
  - Project websites
  - Project Public Meetings

### HIGHLIGHTS

- **Modal studies such as transit, bicycle, or pedestrian**
- **Data collection and analysis for traffic management**
- **Road, intersection, or corridor studies**
- **Specialized studies to advance LRTP goals**

## Summary Table: Plans/Programs Public Participation

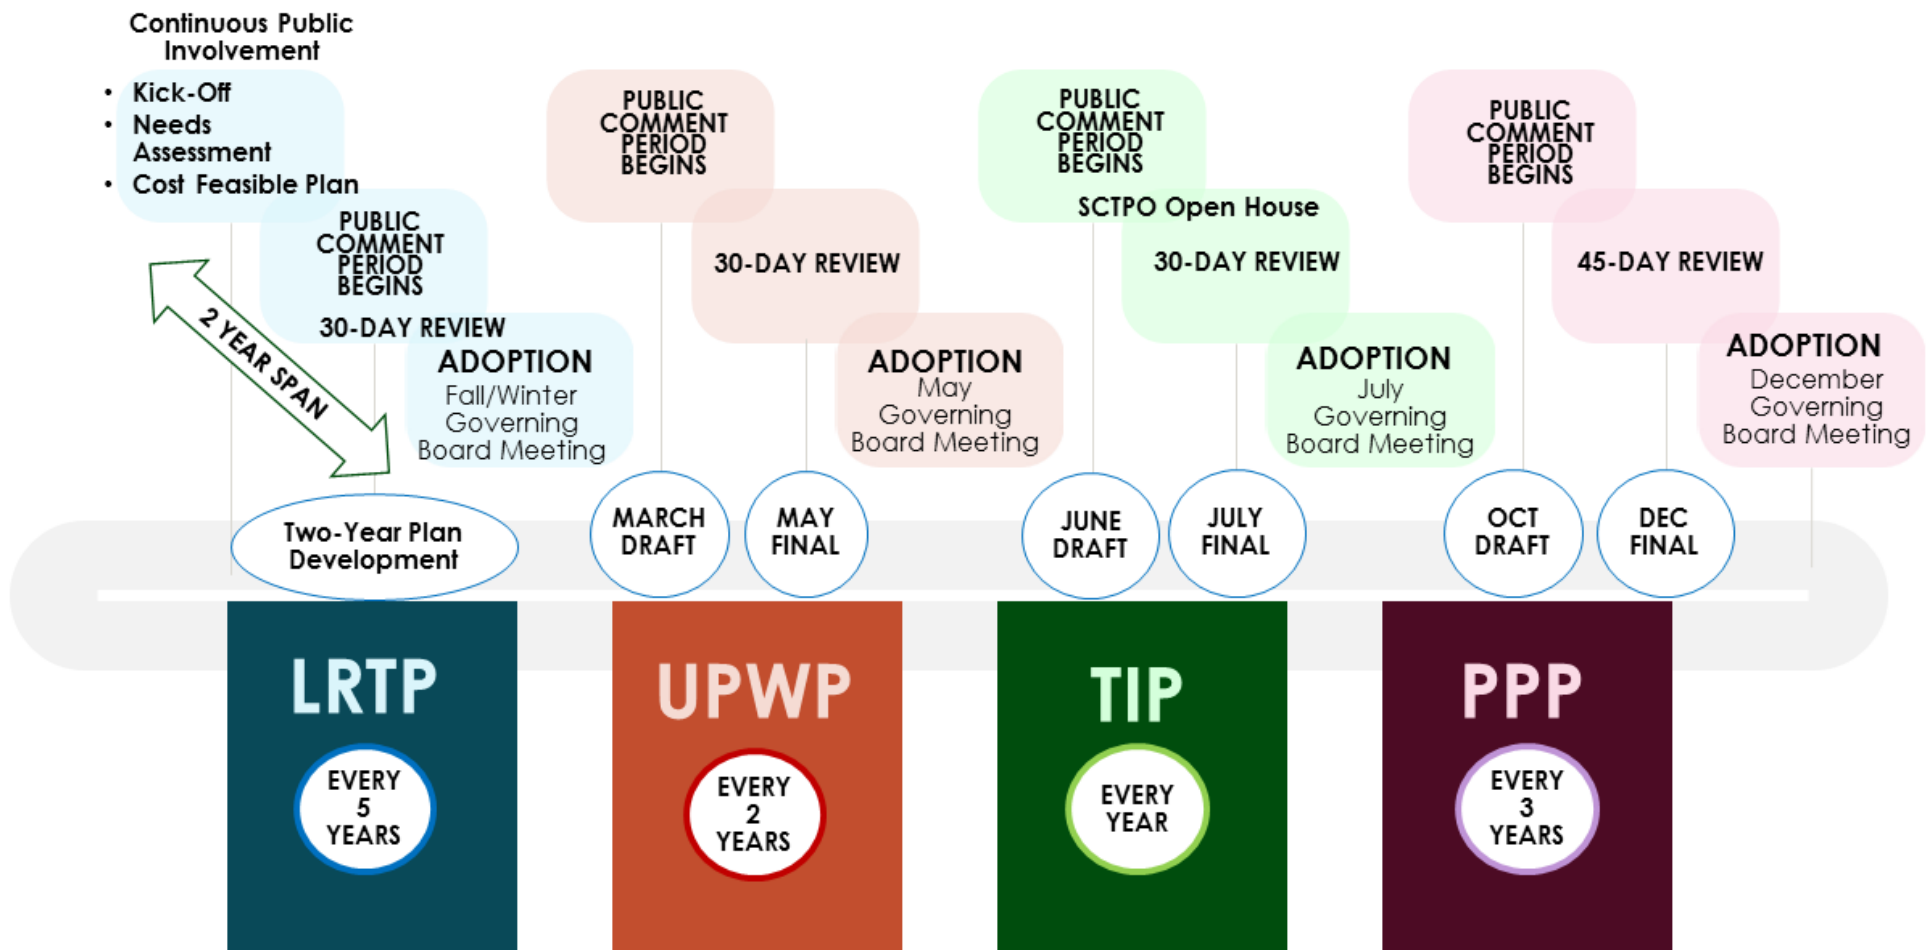

Links to each of these documents are available on the SCTPO website, [www.sctpo.com](http://www.sctpo.com), and paper copies are available at our office located at:

2725 Judge Fran Jamieson Way, Building B  
Melbourne, Florida  
Business Hours: 8:00 AM - 4:30 PM.

Program/Plan	Adoption Schedule	Public Comment Period Length	Public Notice of Adoption (Prior to Board Meeting)	Public Access/Distribution Methods
<b>Long Range Transportation Plan (LRTP)</b>	Every 5 years	30 days	7 days	Each mandated document is posted on the SCTPO website for public review, additionally the following outreach efforts are utilized: <ul style="list-style-type: none"> <li>➤ Press Release Announcement</li> <li>➤ SCTPO E-News Feature</li> <li>➤ Social Media Posts</li> <li>➤ Physical copies available</li> </ul>
<b>Prioritized Project List</b>	Every year	30 days	7 days	
<b>Transportation Improvement Program (TIP)</b>	Every year	30 days	7 days

<b>Public Participation Plan (PPP)</b>	Every 3 years	45 days	7 days	

# WORK PRODUCT TIMELINE

## PUBLIC PARTICIPATION STRATEGIES AND TOOLS

Public participation is an on-going activity. The SCTPO has a variety of strategies and tools for communicating and engaging the public, and is continually working to improve its outreach efforts to ensure inclusivity of all citizens – including underserved populations. These are the primary tools used to interact with stakeholders and the community.

### Public Participation: Face-To-Face Opportunities

#### Public Meetings

All meetings of the SCTPO governing board, committees, advisory groups and project meetings are open to the public and subject to *Florida's Government-in-the-Sunshine Law* [s.286.011, F.S.], which mandates that all meetings of any board or commission of any state, county, municipal, or political subdivision, agency, or authority conduct business in a transparent manner to provide the public a right of access to proceedings. All materials presented during meetings become public record and are available for review online and at the SCTPO office during normal business hours. Copies of archived records are available upon request.

**Advance Notice:** Public notices of all SCTPO meetings are distributed and/or posted on the SCTPO website at least seven days in advance. Notices are also distributed via email to the SCTPO's distribution lists. Notices include the date, time, and location for the event, a brief description of the purpose, a list of action items to be considered, and how to get additional information before or after the meeting.

**Emergency Meetings:** The SCTPO Governing Board, or one of the SCTPO committees may hold an emergency meeting only if action is required to address an issue of immediate danger to public health, safety or welfare. Whenever an emergency meeting is scheduled to be held, SCTPO staff will notify, as soon as possible prior to the meeting, stating the time, date, place and purpose of the meeting or workshop. The meeting notice includes all of the information included in an advance notice.

### Meeting Notice Requirements

- Date, time, and place of the event.
- A brief description of the purpose of the event.
- A brief list of any items on which action may be taken at the event.
- The address and phone number where individuals can get meeting information and a copy of the agenda.
- Information about how to get a verbatim record of the meeting if a person decides to appeal any decision made by the agency as stated in Florida Statute 286.0105.
- Contact information for persons with disabilities needing special accommodations to participate in the proceeding in accordance with the Americans with Disabilities Act and Florida Statute 286.26.

- **Agendas:** A meeting agenda is included with the advance public notices for SCTPO governing board and committee meetings. Agendas list the items in the order they will be discussed, provide additional detail about the meeting, and highlight specific actions to be considered. Members of the public can make a request to have an item placed on the agenda by sending a written notice to the SCTPO at least 21 days in advance.

- **Public Comment:** Every meeting of the SCTPO includes time for public comment. Members of the public fill out a public comment card that indicates the agenda item or subject they wish to address.

Comment cards are provided to the chair, or to the person presiding, so that individuals can be called to speak at the appropriate time during the meeting and prior to any action being taken by the voting members. Non-agenda items topics are heard at the beginning of each meeting.

- **Accessibility:** In accordance with the Americans with Disabilities Act and Section 286.26, Florida Statutes, persons with disabilities needing special accommodations to participate in this proceeding or persons who require translation services (free of charge) should contact the SCTPO Office no later than 48 hours prior to the meeting.

The SCTPO is actively working to increase the accessibility of our meeting materials and in doing so, adhere to many of the available standards and guidelines, when applicable. Should you encounter any inaccessible material, please contact Abby Hemenway, Public Involvement Officer and Title VI Coordinator, at [abby.hemenway@brevardfl.gov](mailto:abby.hemenway@brevardfl.gov) or 321-690-6890.

- **Live Broadcast:** The SCTPO Governing Board meeting is broadcasted live on Space Coast Government Television (SCGTV) on Spectrum 499, U-verse 99, Comcast Channel 51 (North Brevard) or Channel 13 (South Brevard). Viewers can also access it [online](#). TAC/CAC committee meetings are streamed live and can be viewed on the [SCTPO's YouTube channel](#).

### Virtual Meetings

Virtual meetings using communications media technology may be held in lieu of face-to-face person meetings in states of emergency or executive orders as directed by the Governor of Florida.

Virtual meetings and digital hosting platforms may be used congruent with regularly scheduled and noticed public meetings. Similar to face-to-face meetings, virtual meetings will be publicly noticed, and the public will have the opportunity to provide advanced or live comments. The SCTPO will provide public registration details for the virtual meeting in advance on its website, social media platforms, and via email.

### Advanced Public Comments:

Due to the constraints of having a virtual meeting, written and recorded comments will be accepted before, during, and after the meeting. All advanced written and recorded comments will be included as part of the official public record of the meeting and shall follow the following guidelines:

- All advanced written and verbal comments for SCTPO Committee and Board meetings **must be received by 4:00 p.m. the day prior to the scheduled meeting.**

### Advanced Written Public Comments

All written comments must be sent via email ([lisa.hickman@brevardfl.gov](mailto:lisa.hickman@brevardfl.gov)) or USPS mail to:

Attn: Lisa Hickman, Space Coast TPO  
2725 Judge Fran Jamieson Way  
Building B, Room 105  
Melbourne, FL 32940

All written comments MUST include the following information:

- First and Last Name
- Address
- Subject or Agenda Item commenting on

### Advanced Verbal Public Comments

In lieu of an advanced written comment submission, the public may call in their public comments by calling or leaving a voice mail on the SCTPO main phone line at 321-690-6890.

Those commenting verbally must provide:

- First and Last Name
- Address
- Subject or Agenda Item commenting on

### Live Public Comments

Those wishing to provide comments during a meeting may either register and attend virtually or may attend in person, if a physical location has been established. Further instruction for those processes will be determined and announced for each virtual meeting.

### Post-Meeting Public Comments

Verbal and written comments will also be accepted after virtual meetings. Comments must follow same format as advanced public comment process listed above. All comments must be submitted no later than three business days after the virtual meeting is held.

## Public Workshops/Open Houses

The SCTPO staff hosts open and informal meetings for the public to review and ask questions about major transportation plan documents like the LRTP and the TIP.

Workshops and open houses may also be used by the SCTPO, the Florida Department of Transportation, or their consultants to share information and to gather public comment on specific transportation projects. In these cases, the meeting locations are geographically located near the project area to provide easy access for the citizens who will benefit from or be impacted by the proposed project.

## Public Events/Presentations

SCTPO staff and volunteers may participate in events, attend meetings of community groups or civic organizations, or make presentations in public forums. This type of public outreach provides education and engages new audiences in public transportation planning activities.

## Engaging Underserved Populations

The SCTPO strives to ensure that underserved and underrepresented communities are involved in the transportation planning public involvement process. The SCTPO considers the needs and views of these populations as it develops its plans, programs, and projects.

Brevard County is currently Florida's 10<sup>th</sup> most populous county representing 2.8% of the State. According to the latest Census Reporter, Brevard's median age is 47.2 with 74% being of White race & Ethnicity, 11% Hispanic, 9% of Brevard residents are Black, 2% Asian and other ethnics less than 1%. Poverty in Brevard is about 10.6% of the population with 89% of Brevard's residents speaking English only. (See Appendix pgs. 51 – 57 for the complete Brevard County Census Report data profile or [view online here.](#)) Although there are not a significant number of traditionally underserved populations residing in Brevard, appropriate messages and delivery techniques are developed for project specific studies and plans with vital stakeholders, as needed, to ensure meaningful communication and dialog is established for all projects and plans.

During the beginning phase of SCTPO planning studies, a demographic profile is pulled for areas surrounding a corridor study so that the strategies and tools chosen will best meet the needs of the community being affected by any changes recommended. In general, tailored efforts may include:

- Local Government and Civic Leaders
- Social Service agencies, Groups and Organizations
  - Family Services
  - Meals on Wheels
  - Food Banks
  - Goodwill Industries
  - YMCA
- Churches and Religious Organizations
- Senior Centers and Assisted Living Communities
- Transportation Carriers
  - Transit Operators
  - Taxi Companies

Incorporating these strategies can expand the sharing of information and ideas, the level of input received, and the identification of issues; develop community relationships; and establish credibility and trust.

## DEMOGRAPHIC DATA COLLECTION

Federal regulations require federal-aid recipients to collect racial, ethnic and other similar demographic data on beneficiaries of or those affected by transportation programs, services and activities. The SCTPO accomplishes this through the use of census data, American Community Survey reports, Environmental Screening Tools and other methods.

At times, the SCTPO may request voluntary identification of certain racial, ethnic or other data from those who participate in its public involvement events. This information assists the SCTPO with improving its targeted outreach and measures of effectiveness.

## Public Participation: Feedback Methods

- **Feedback Forms:** Feedback or comment forms are used to solicit input in writing at public meetings or online. The forms may be very general in nature or specific for gathering input on a particular issue. Sometimes they are included in draft documents or publications or may be available through a link on the SCTPO website. Feedback forms are typically available at SCTPO public meetings, workshops, and open houses.

- **Surveys/Questionnaires:** Surveys are used when very specific input from the public is desired. A survey may be used in place of comment forms to ask very specific questions such as a person's support for a specific alignment in a corridor study or it can also be used to gather technical data like travel patterns. Surveys or questionnaires can be used at public meetings, through the mail, over the telephone, or electronically.

Additionally, SCTPO consultants may also “boost” or spend money on surveys to expand its reach to targeted audiences. Boosting can be a very effective way to place messages in front of an intended audience.

## Public Participation: Digital Tools

The SCTPO continually looks for ways to engage citizens and present informational programs to increase community awareness. The SCTPO uses various digital tools to help streamline its engagement and outreach efforts to reach key audiences. Below is a list of the SCTPO's frequently used digital tools:

**SCTPO Website:** The SCTPO website ([www.sctpo.com](http://www.sctpo.com)) provides current information about the SCTPO activities, projects, meetings, and contacts. Updated regularly, the website makes information available quickly and conveniently. It also serves as an avenue for regular input for submitting comments and views, particularly on draft documents and studies. Comments on any website content can be submitted by email to [tpostaff@spacecoasttpo.com](mailto:tpostaff@spacecoasttpo.com).

**Social Media:** Social media outlets are a vital means of outreach methods for transportation organizations. SCTPO uses its social media channels to announce meetings/workshops, provide information on projects, post draft documents and to engage its audience in transportation safety education. The SCTPO's social media channels are designed to reach new individuals and audiences in a targeted, strategic manner.

[SCTPO YouTube](https://www.youtube.com/SCTPO)

[@SpaceCoastTPO](https://twitter.com/SpaceCoastTPO)

[SCTPO Nextdoor](https://www.nextdoor.com/SCTPO)

## Public Participation: Deliverables

The SCTPO regularly creates deliverables that use visualization techniques such as the use of colors, diagrams, tables, maps, photos, and videos that illustrate the ideas and concepts represented in transportation plans, projects, and programs. Effective deliverables help to promote understanding, clarify ideas and build consensus for proposed transportation activities, especially for those who do not have a background in transportation planning. Deliverable examples include:

**Graphics:** The SCTPO routinely creates visual graphics to use on its social media outlets, in newsletters, and event promotion materials. These graphics help to effectively communicate transportation or traffic-related information.

**Flyers/Brochures:** The SCTPO is always seeking new ways to reach citizens. SCTPO staff frequently creates visual deliverables, such as flyers or brochures, to help explain the transportation planning processes on a smaller scale.

**Press Releases/Briefs:** Press releases are sent to newspapers, radio and television stations, and other media outlets in the region, to announce meetings and activities, opportunities for public participation, and the availability of documents for public review. This broader media coverage is intended to reach members of the public who may not usually take part in transportation planning.

**Newsletter:** The SCTPO electronic newsletter (*En Route News*) is used to announce public meetings, share event photos, highlight the availability of materials and documents for public review, and showcase other outreach information. It also informs the public of the status of current and planned transportation projects and promotes SCTPO planning studies and other transportation publications. The SCTPO newsletter has over 3,500 subscribers including local officials, businesses, civic organizations, and citizens.

## Public Participation: Tracking Methods

The SCTPO uses several tools to track and evaluate the effectiveness of public participation activities for the transportation planning process. These tools and evaluation analytics help the SCTPO to continually improve or to add new public participation activities. Based on the gauge of interest and digital impression, SCTPO staff can identify ineffective strategies and look for new areas of opportunity to reach targeted and underserved audiences.

**Project/Plan Public Meeting Summary Reports:** Certification documents include summary reports of public participation activities at each stage of project/plan development and detail the methods used, the comments received, and the number of participants. Summary reports are also written to document survey results, project website activity, and complaint resolutions.

**Public Records:** The SCTPO keeps formal records of its meetings and project materials. Written minutes of meetings are kept and made available to the public. Minutes include a list of participants and a summary of public comments. Video and audio recordings are retained for both TAC/CAC committee meetings and SCTPO governing board meetings.

**Quarterly Public Engagement Reports:** The SCTPO creates quarterly Public Engagement Reports to report back to its committees and the Governing Board on public involvement activities. The report highlights school-based outreach activities, community-based involvement, social media analytics, and news media features.

**SCTPO Digital Tools Analytics Log:** For online public participation activities, monthly electronic tracking is used to track digital reach, impressions, website visits and video views. For some participation tools, like news articles or other media coverage, staff members are assigned to monitor activity and to keep a log or record for review.

**SCTPO Digital Database:** The SCTPO utilizes Constant Contact as a primary means of communicating news and updates to vested stakeholders and citizens. Constant Contact is a content management and email marketing tool that is used to send targeted messages to key audiences via email. The Constant Contact platform enables the SCTPO to reach desired audiences via newsletters, press releases, emails, polls, surveys, and event promotions.

Every time a campaign is sent, Constant Contact auto-generates an engagement report which details reporting metrics such as the number of sends, opens, and clicks (see term definitions below). These metrics help the organization to measure the effectiveness of each email campaign. Thus, measurement supports our use of resources, and helps us make changes so we get better results in the future.

- **Successful deliveries:** the number of emails sent that were successfully delivered to our contacts' inboxes
- **Email open rate:** the percentage of recipients who opened the email compared to how many contacts were sent the email.
- **Click rate:** the percentage of clicks an email receives based on the number of contacts who opened the email

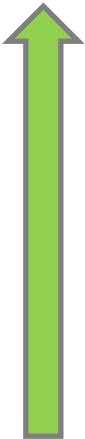

## Measures of Effectiveness

The following table showcases public participation methods, measurement baseline, and trend.

**Trend Goal Key:**  = increase goal,  = decrease goal,  = maintain goal

Public Participation Method	Tracking Method	Measurement	Measurement Baseline July 2018 – June 2019	Measurement Trend Goal
<b>SCTPO Public Meetings</b>	Agendas, Meeting Dates	# of Meetings (TAC/CAC, SCTPO Board, and BPTAC Meetings)	<b>7</b> - TAC/CAC Meetings <b>7</b> - SCTPO Board Meetings <b>6</b> - BPTAC Meetings

## TITLE VI/RELATED NONDISCRIMINATION POLICIES

The SCTPO strives to ensure full and fair participation by all potentially affected individuals, groups, and communities in the transportation decision-making process. The SCTPO does not discriminate against any person with respect to a SCTPO program, activity or service and adheres to the Federal non-discrimination requirements under Title VI and other related regulations and statutes.

***Public comments are solicited without regard to race, color, national origin, age, sex, religion, disability or family status.***

If you have questions or comments about the SCTPO'S Public Participation Plan, please contact:

**Abby Hemenway, Public Involvement Officer/ Title VI Coordinator**

Phone: 321-690-6890

Email: [Abby.Hemenway@brevardfl.gov](mailto:Abby.Hemenway@brevardfl.gov)

Space Coast Transportation Planning Organization  
2725 Judge Fran Jamieson Way; Building B; Room 105; MS #82  
Melbourne, FL 32940

*To review complete Title VI program administration and general responsibilities, please see [SCTPO PLC-5, Section 2](#).*

## Complaint Resolution Policies

Any individual or group wishing to file a complaint regarding any policy, procedure or action of the SCTPO or any of its advisory committees, for any reason including, but not limited to, the belief that any policy, procedure or action has negatively impacted or caused undue burden to a specific minority group, disabled individual(s), lower-income population, or the traditionally underserved or a belief that he or she, or any specific class of persons, has been subjected to discrimination or retaliation prohibited by Title VI of the Civil Rights Act of 1964, as amended, or any other Federal or State law, shall:

Submit a written statement (complaint) with the SCTPO at its offices located at:

Space Coast Transportation Planning Organization  
 2725 Judge Fran Jamieson Way  
 Building B, Room 105  
 Melbourne, FL 32940

The statement shall include, at a minimum, the following:

1. The name, address and phone number of the person(s) filing the complaint (the Complainant). Multiple individuals submitting a complaint as a group are strongly encouraged, but not required, to appoint a single person to represent the group throughout the Informal Resolution process.
2. A statement describing as fully as possible the procedure, policy or action taken by the SCTPO or Advisory Committee, the date the action occurred and the relief being sought.
3. The names of any witnesses to the action or copies of any supporting documentation.
4. Signature of the complainant(s).

In cases where the complainant is unable or incapable of providing a written statement, a verbal complaint may be made to the SCTPO Title VI Coordinator by calling 321-690-6890. *See Appendix pg. 58 for the Title VI/Nondiscrimination Complaint Form Example. To review the complete complaint resolution process and FDOT Discrimination Complaint Procedure, see [SCTPO PLC-5, Section 3](#).*

## Limited English Proficiency Plan (LEPP)

It is the Space Coast Transportation Planning Organization's policy to provide meaningful access to all its programs and services to all individuals, including those who are limited in English proficiency.

### OVERVIEW

Most individuals living in the United States read, write, speak and understand English. There are many individuals, however, for whom English is not their primary language and they are limited English proficient, or "LEP."

Language for LEP individuals can be a barrier to accessing important benefits or services, understanding and exercising important rights, complying with applicable responsibilities, or understanding other information provided by federally funded programs and activities.

As a recipient of federal funding, the SCTPO is committed to taking reasonable efforts to assure that individuals are not excluded from participating in programs simply because they face challenges communicating in English.

The purpose of this Limited English Proficiency (LEP) Plan is to establish steps that the SCTPO will take to provide language assistance for LEP persons seeking meaningful access to SCTPO programs. The production of multilingual publications and documents and/or interpretation at meetings/events will be provided to the degree that funding permits and based on current laws and regulations.

As available, educational material (i.e. safety brochures) provided free-of-charge from various entities (i.e. National Highway Traffic Safety Administration) will be ordered and distributed at SCTPO public participation events.

*To review LEP implementation plan, monitorization, and assistance measures, please see [SCTPO PLC-5, Section 4](#).*

## MPO Program Management Handbook

Florida Department of Transportation

Office of Policy Planning

Revised: November 6, 2019

Regional transportation planning is guided by laws, rules, and policies set by federal and state governments. The following are excerpted requirements from the *MPO Management Handbook*, “Chapter 6: Public Involvement.” View the entire handbook [here](#).

### 6.3 Federal Requirements for Public Involvement

Federal transportation planning regulations describe the requirements for MPOs in conducting public involvement activities during the transportation planning process. In addition, other Federal regulations and executive orders affect how an MPO’s public involvement activities are planned and conducted. These requirements are described in this section.

#### 6.3.1 Development of a Public Participation Plan

MPOs are required to develop a Public Participation Plan (PPP). The requirements for this plan are contained in 23 C.F.R. 450.316, and are described below. More information on these requirements is contained in the “PY19 Program Accountability Results (PAR) Public Participation Plans,” conducted in August 2019. While this assessment was conducted for non-TMA MPOs, the requirements cited in the assessment apply to all MPO PPPs. The MPO must develop and use a documented PPP that defines a process for providing individuals, affected public agencies, representatives of public transportation employees, public ports, freight shippers, providers of freight transportation services, private providers of transportation (including intercity bus operators, employer-based commuting programs, such as carpool program, vanpool program, transit benefit program, parking cash-out program, shuttle program, or telework program), representatives of users of public transportation, representatives of users of pedestrian walkways and bicycle transportation facilities, representatives of the disabled, and other interested parties with reasonable opportunities to be involved in the metropolitan transportation planning process. [23 C.F.R. 450.316(a)]

The MPO is required to develop the participation plan in consultation with all interested parties and must, at a minimum, describe explicit procedures, strategies, and desired outcomes for: [23 C.F.R. 450.316(a)(1)]

- Providing adequate public notice of public participation activities and time for public review and comment at key decision points, including a reasonable opportunity to comment on the proposed LRTP and the TIP;
- Providing timely notice and reasonable access to information about transportation issues and processes;
- Employing visualization techniques to describe LRTPs and TIPs;
- Making public information (technical information and meeting notices) available in electronically accessible formats and means, such as the Internet;
- Holding any public meetings at convenient and accessible locations and times;
- Demonstrating explicit consideration and response to public input received during the development of the LRTP and the TIP;
- Seeking out and considering the needs of those traditionally underserved by existing transportation systems, such as low-income and minority households, who may face challenges accessing employment and other services;
- Providing an additional opportunity for public comment, if the final LRTP or TIP differs significantly from the version that was made available for public comment by the MPO and raises new material issues that interested parties could not reasonably have foreseen from the public involvement efforts;
- Coordinating with the statewide transportation planning public involvement and consultation processes; and
- Periodically reviewing the effectiveness of the public involvement procedures and strategies contained in the PPP to ensure a full and open participation process.

When developing the PPP, it is important to allow enough time to receive and respond to public input in order to find a balance between addressing appropriate public comments and adopting the LRTP within the required timeframe; this would include any meetings or hearings that take place during that time.

When significant written and oral comments are received on the draft LRTP and TIP (including the financial plans) as a result of the participation process in this section or the interagency consultation process required for air quality nonattainment or maintenance areas under the U.S. Environmental Protection Agency (EPA) transportation conformity regulations (40 C.F.R. Part 93, Subpart A), a summary, analysis, and report on the disposition of comments are required to be included in the final LRTP and TIP. [23 C.F.R. 450.316(a)(2)]

A minimum public comment period of 45 calendar days must be provided before the initial or revised participation plan is adopted by the MPO. Copies of the approved PPP must be provided to the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) for informational purposes. These copies must be posted on the Internet to the maximum extent practicable. [23 C.F.R. 450.316(a)(3)]

In developing LRTPs and TIPs, the MPO should consult with agencies and officials responsible for other planning activities within the MPO area. This consultation should include entities that are affected by transportation, including State and local planned growth, economic development, tourism, natural disaster risk reduction, environmental protection, airport operations, or freight movements. In addition, the MPO must develop the LRTPs and TIPs with due consideration of other related planning activities within the metropolitan area; the process must provide for the design and delivery of transportation services within the area that are provided by: [23 C.F.R. 450.316(b)]

- Recipients of FTA assistance under [49 U.S.C. Chapter 53];
- Governmental agencies and nonprofit organizations (including representatives of the agencies and organizations) that receive Federal assistance from a source other than the U.S. DOT to provide nonemergency transportation services; and
- Recipients of assistance under 23 U.S.C. 201-204 (Federal lands and Tribal transportation programs).

When the MPO area includes Indian Tribal lands, the MPO must appropriately involve the Indian Tribal government(s) in the development of the PPP, LRTP, and TIP. [23 C.F.R. 450.316(c)]

When the MPO area includes Federal public lands, the MPO must appropriately involve the Federal land management agencies in the development of the PPP, LRTP, and TIP. [23 C.F.R. 450.316(d)]

MPOs also must develop a documented process that outlines the roles, responsibilities, and key decision points for consulting with other governments and agencies, as defined in paragraphs in this section, which may be included in the MPO's Metropolitan Planning Agreement. [23 C.F.R. 450.316(e)]

**Note that MPOs are required to conduct the activities listed in their plans.** If the PPP calls for a public hearing for LRTPs, for instance, that hearing becomes a requirement; this is even if it is not required by law or regulation. Likewise, if the PPP calls for newspaper advertisements, the MPO must publish those advertisements. MPOs should clearly identify the minimum public involvement activities they will undertake for LRTPs, as well as any additional activities they may undertake. MPOs should anticipate the potential for additional meetings beyond the minimum and clearly identify in the PPP how the public will be informed of additional meetings. Please note MPOs are exempt from the state law that requires publishing meeting notices in the Florida Administrative Register (see Section 120.52, FS), but the MPO must follow the meeting noticing requirements in their PPP and should provide adequate notice to the public of their meetings.

PPPs are living documents that must be revisited periodically to reflect changing communities and their needs. As such, the MPO should update its PPP at a minimum of once every five years (preferably prior to the initiation of the development of a new LRTP) to ensure that it remains accurate and effective.

### **6.3.2 Federal Public Involvement Requirements Specific to the LRTP**

When developing the LRTP, the MPO must provide interested parties with a reasonable opportunity to comment on it using the strategies identified in the MPO's adopted PPP. In some cases, the MPO may develop a PPP specific to the LRTP as part of the scope of that project. If this is done, the PPP for the LRTP must be consistent with the overall PPP of the MPO. The PPP for the LRTP may provide additional detail about engagement strategies being used or individuals, groups, or agencies being engaged. The PPP for the LRTP may also include outreach opportunities beyond those identified in the MPO's adopted PPP. Parties that should be included in the development of LRTPs include:

- Public agencies,

- Indian Tribal governments,
- Representatives of public transportation employees,
- Public ports and airports,
- Freight shippers,
- Providers of freight transportation services,
- Private providers of transportation (including intercity bus operators, employer-based commuting programs, such as carpool program, vanpool program, transit benefit program, parking cash-out program, shuttle program, or telework program),
- Representatives of users of public transportation,
- Representatives of users of pedestrian walkways and bicycle transportation facilities,
- Representatives of the disabled, and
- Other interested parties using the participation plan developed consistent with 23C.F.R. 450.316(a). [23C.F.R.450.324(k)]

The MPO must publish or otherwise make readily available the LRTP for public review, including (to the maximum extent practicable) in electronically accessible formats and means (e.g., the Internet). [23 C.F.R. 450.324(l)]

### **6.3.3 Federal LRTP Requirements Specific to Florida**

The MPO must be aware of additional requirements or guidance provided by FHWA and FTA when developing the LRTP. For example, in January 2018, the FHWA and FTA developed a summary of “expectations” for the subsequent update of LRTPs, Federal Strategies for Implementing Requirements for LRTP Update for the Florida MPOs. This additional guidance states that for LRTPs, MPO Boards, their advisory committees, and the public, should have the opportunity to periodically review the LRTP products, interim tasks, and reports that result in the final LRTP documentation. Furthermore, this guidance also states that final adopted LRTP documentation should be posted to the Internet; it should be available at the MPO offices, no later than 90 days after adoption.

### **6.3.4 Federal Public Involvement Requirements Specific to the TIP**

The MPO must provide all interested parties with a reasonable opportunity to comment on the proposed TIP, as required by the PPP. In addition, the MPO must publish or otherwise make readily available the TIP for public review, including (to the maximum extent practicable) in electronically accessible formats and means (e.g., the Internet), as described in the PPP. [23 C.F.R. 450.326(b)], [23 U.S.C. 134 (i)(6) and (7)] In the event an MPO revises its TIP, the MPO must always use public participation procedures consistent with the MPO's PPP. However, public participation is not required for administrative modifications unless specifically addressed in the PPP. [23 C.F.R. 450.328(a)]

### **6.3.5 Public Involvement for the Federal Certification Review**

In conducting a certification review for a Transportation Management Area (TMA)/MPO, the FHWA and the FTA provide opportunities for public involvement within the metropolitan planning area under review. The FHWA and the FTA are required to consider the public input received in arriving at a decision on a certification action. This process can be used by the MPOs to improve the overall delivery of future public outreach based on the input received during the certification review process. [23 C.F.R. 450.336(b)(4)]

### **6.3.6 Americans with Disabilities Act**

The Americans with Disabilities Act of 1990 (ADA) prohibits the exclusion of persons with disabilities from participation in services, programs, or activities of a public entity, including MPOs. In addition, the MPO has the responsibility of providing reasonable accommodation to those with disabilities who require special services to access information or participate in MPO activities. [42 U.S.C. 12131-12134] See Chapter 10: Title VI and Nondiscrimination Program Guidance for Metropolitan Planning Organizations for a discussion of ADA requirements as they pertain to MPOs.

### **6.3.7 Title VI of the Civil Rights Act**

Title VI of the Civil Rights Act of 1964 provides that no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. [42 U.S.C. 2000d-1] Title VI provides the following protection and activities relative to public involvement:

- Encourages the participation of minorities as members of planning or advisory bodies for programs receiving Federal funds;
- Requires information and services to be provided in languages other than English when significant numbers of potential beneficiaries have limited English-speaking ability; and
- Requires entities to notify the entire eligible population about programs.

See Chapter 10: Title VI and Nondiscrimination Program Guidance for Metropolitan Planning Organizations for a discussion of other Title VI requirements as they pertain to MPOs.

### **6.3.8 Executive Order 12898, Environmental Justice**

Executive Order (EO) 12898, Environmental Justice (EJ), requires all Federal agencies to identify and address disproportionately high and adverse health or environmental effects of its activities on minority and low-income populations.

EO 12898 also promotes access to public information and public participation for minority and low-income communities. MPOs must ensure and document early, continuous, and meaningful opportunities for involvement for these communities. See Chapter 10: Title VI and Nondiscrimination Program Guidance for Metropolitan Planning Organizations for a discussion of EJ requirements as they pertain to MPOs.

### **6.3.9 Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency**

Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency (LEP), requires agencies to develop plans so that people for whom English is not their native language or who have a limited ability to read, speak, write, or understand English can have meaningful access to services provided. Factors for determining when meaningful access is necessary include:

- Number or proportion of LEP persons in the affected area;
- Frequency of contact with LEP persons;
- Importance of the service provided to LEP persons; and
- Resources available.

MPOs must use these four factors to determine when, and to what extent, LEP services are required. Translation of vital documents into languages other than English and oral interpretation through translators or other interpretive services are methods of communication that may constitute meaningful access.

See Chapter 10: Title VI and Nondiscrimination Program Guidance for Metropolitan Planning Organizations for a discussion of LEP requirements as they pertain to MPOs.

## **6.4 State Requirements for Public Involvement**

State public involvement requirements related to MPOs are described in this section.

### **6.4.1 State Public Involvement Requirements Specific to the LRTP**

In the development of its LRTP, each MPO must provide the public, affected public agencies, representatives of transportation agency employees, freight shippers, providers of freight transportation services, private providers of transportation, representatives of users of public transit, and other interested parties with a reasonable opportunity to comment on the LRTP. [s.339.175(7), F.S.]

#### **6.4.2 State Public Involvement Requirements Specific to the TIP**

During the development of the TIP, the MPO must, in cooperation with FDOT and any affected public transit operation, provide citizens, affected public agencies, representatives of transportation agency employees, freight shippers, providers of freight transportation services, private providers of transportation, representatives of users of public transit, and other interested parties with reasonable notice of and an opportunity to comment on the proposed program. [s.339.175(8)(e), F.S.]

#### **6.4.3 Public Involvement for the Annual List of Prioritized Projects**

Each MPO annually must prepare a list of project priorities and submit the list to the appropriate FDOT District by October 1 of each year. The list must have been reviewed by the technical and citizens' advisory committees and approved by the MPO Board/ Commission before submission to the District. The annual list of project priorities must be based upon project selection criteria that consider, among other items, the MPO's public involvement procedures. [s.339.175(8)(b)(5), F.S.]

#### **6.4.4 Public Involvement for the Annual List of Federally Obligated Projects**

The MPO is required annually to publish or otherwise make available for public review the annual listing of projects for which Federal funds have been obligated in the preceding year. [s.339.175(8)(h), F.S.]

#### **6.4.5 Public Involvement and MPO Committees**

Most MPOs consider their standing committees to be a fundamental part of their public involvement activities. The formation of a technical advisory committee (TAC) and citizens' advisory committee (CAC) are required pursuant to s.339.175(6)(d), F.S. and s.339.175(6)(e), F.S.; and formation guidance is provided in Chapter 2: Metropolitan Planning Organization Formation and Modification. As an alternative to the use of a CAC, Florida Statute provides provisions for MPOs to adopt an alternate program or mechanism that ensures adequate citizen involvement in the transportation planning process following approval by FHWA, FTA, and FDOT. MPOs may also consider additional standing committees as a public involvement activity to address specific needs, such as bicyclists, pedestrians, and multiuse trails, safety, goods/freight movement, etc. MPOs must address and include their committee activities in the PPP; they are encouraged to detail how the schedule for meetings, agenda packages, and actions of the committees will be communicated with the public and how the public can participate in those meetings.

#### **6.4.6 Government-in-the-Sunshine Law**

Florida's Government-in-the-Sunshine Law [s.286.011, F.S.], mandates that all meetings of any board or commission of any state, county, municipal, or political subdivision, agency, or authority conduct business in a transparent

manner to provide the public a right of access to proceedings. This includes an MPO's Governing Board, general members (voting and nonvoting members), and any active committees designed to advise the MPO Board such as TACs and CACs. The Sunshine Law provides guidance on how to conduct MPO and the MPO advisory committee meetings and workshops; it also shows how to process public records, communications, notices, minutes, in addition to general ethics issues.

The Sunshine Law secures the public's right to attend or record meetings, for the public to have reasonable opportunity to be heard, and for all meetings to be open to the public. Therefore, MPOs must provide reasonable notice of meetings and make adequate accommodations to hold open meetings and provide an opportunity for public input. Minutes of meetings must be available for public inspections. MPOs are prohibited from holding public meetings at a facility or location that discriminates on the basis of sex, age, race, creed, color, origin, or economic status; they are also forbidden to hold meetings at places that otherwise restrict public access. The statute establishes penalties for violations of these provisions and exceptions for specific situations. MPOs should consult legal counsel for any questions regarding Florida's Government-in-the-Sunshine Law.

#### **6.4.7 Jessica Lunsford Act**

The Jessica Lunsford Act [s.1012.465, F.S.] requires background checks of all persons entering school grounds when children are present. MPOs should consult legal counsel before planning to hold a meeting on school property.

#### **6.4.8 FDOT Public Involvement Handbook**

For more detail about public involvement, please consult the FDOT's Public Involvement Handbook. This handbook provides more in-depth guidance for public involvement activities in general.

## 2019 Public Participation Plan Comment Log

Agency	Comment	SCTPO Response
<b>SCTPO Staff</b>	Measures of Effectiveness table (pg.37) to be updated to reflect baseline analytics and statistics by 12/12/19.	SCTPO staff completed the changes to the Measures of Effectiveness table on 11/19/19.
<b>Public Citizen</b>	A citizen sent an email on 11/1/19 to SCTPO staff regarding the visualization of the demographics within the images/graphics of the document.	SCTPO staff made changes and revisions where applicable.
<b>Public Citizen</b>	A citizen sent an email on 11/6/19 to SCTPO staff regarding the quality of the PPP.	Comment noted.
<b>SCTPO Staff</b>	SCTPO received the revised FDOT MPO Management Handbook on 11/8/19.	SCTPO made subsequent revisions to pgs. 59 - 67
<b>FHWA</b>	Comment was made, via email on 11/13/19, to expand on description of the STIP.	SCTPO made subsequent revisions and included more information about the STIP on pg. 27.
<b>FHWA</b>	Comment was made, via email on 11/13/19, to expand on the CMP.	SCTPO made subsequent revisions and included more information about the Congestion Management Plan on pg. 24.
<b>FHWA</b>	Comment was made, via email on 11/13/19, to add two refinements to	SCTPO made subsequent revisions and included added new content on pg. 49.

	the Acronyms and Abbreviations page.	
<b>FHWA</b>	Comment was made, via email on 11/13/19, to show the approach of how the SCTPO engages with underserved communities.	SCTPO made subsequent revisions and included added new content on pg. 36.
<b>FHWA</b>	Comment was made, via email on 11/13/19, to strengthen the discussion of state-wide transportation planning public involvement and consultation processes.	SCTPO made subsequent revisions and included added new content on pg. 17.
<b>FHWA</b>	Comment was made, via email on 11/13/19, to strengthen the discussion of involving interested parties and consulting agencies.	SCTPO made subsequent revisions and included added new content on pg. 18 and 25.
<b>FHWA</b>	Comment was made, via email on 11/13/19, to expand on federal land management agencies in the planning process.	SCTPO made subsequent revisions and included added new content on pg. 14 and 25.
<b>FHWA</b>	Comment was made, via email on 11/20/19, highlighting the lack of mention of emergency meeting procedures.	SCTPO staff made the appropriate revisions to include information on emergency meeting notice procedures on pg. 33.
<b>FHWA</b>	Comment was made, via email on 11/20/19, regarding language about involving Indian Tribe Lands in the SCTPO plan and TIP.	Comment noted, no Indian Tribe Lands exist in Brevard County.
